Madison County Schools Mission

The mission of the Madison County School system is to **embrace, equip and empower** our students and employees to excel.

Softball Field Parking Area: Construction will begin next week on a new softball/baseball field and parking area above Brush Creek Elementary. The Board of Education approved this project some time ago, but progress has been delayed due to weather. The field is expected to be completed in the next few weeks.

have these training days in our calendar for the next school year.

Lottery Funds Request for Canopies: The Superintendent will be appearing before the County Commission at its April meeting. We will be requesting use of State lottery funds set aside for capital outlay projects. The funds will be used to install canopies at Brush Creek Elementary, Mars Hill Elementary, and the back of the science wing at Madison High School. These new canopies will protect students who are dropped off by parents.

Dates to Remember: We are quickly approaching Spring Break and the end of the school year. We have had some questions regarding the last day of school. Spring break begins with an early release of students at 11:30 AM on April 6th and continues the following week. Students will return to class on April 16th. Presently, the last student day for the school year is May 21st. Graduation is tentatively scheduled for Saturday, May 19, 2012.

Board Meeting Location Changed: The Board of Education was scheduled to meet at Mars Hill Elementary this month. However, since the Board has been invited to attend a Madison High Color Guard performance, the meeting will be held at Madison High School. The Board will meet at Mars Hill Elementary in May.
